Industrial Collection Services

OUR SERVICE

Safetykleen not only provides a flexible industrial collection service but also offers a range of competitively-priced service packages. This means only one supplier and a fixed monthly price. At service intervals to suit your needs, we can collect a wide range of waste all at the same time.

THE WASTE HIERARCHY

TYPICAL COLLECTIONS

Our collection service includes, but is not limited to:

- ISO 9001:2000 & ISO 14001:2008 accreditations
- Re-use or recycling is the preferred choice for disposal
- Hazardous and non-hazardous waste catered for
- Nationwide network of waste transfer stations
- From small consignments to bulk loads

• aerosols	• flammable liquids	• ink
• acids	• flammable solids	• oils
• alkalis	• fluorescent light tubes	• paint & paint tins
• WEEE waste	• fuels	• resins
• batteries	• printed circuit boards	• contaminated rags wipes & absorbents
• mastic tubes	• chlorinates	• solvents and toxic substances
• epoxies		
• empty drums		

There is no need to call a variety of suppliers for all your different waste streams. We collect all your hazardous and non hazardous waste with one simple phone call

1 Expert team fully assess waste for classification - worry free expert solution & no obligation on site survey

2 Your local representative arrives to remove waste - a dedicated representative is assigned to your area

3 Drums are labelled in line with legislative compliance - Legal paperwork is completed

4 Waste is taken to one of our 18 licenced transfer stations - waste is sent for treatment in accordance with the waste hierarchy
